

PRECOR[®]
Move Beyond

EXPERIENCE STRENGTH S-LINE
BODY INSPIRED. MACHINE DEFINED.

Experience Strength S-Line. Simple. Intuitive. Space efficient.

Introducing **Experience Strength S-Line**, designed for users of all levels and for optimal performance. These strength machines require minimal floor space and are easy to use.

Built on sound biomechanics for optimal resistance and smooth interaction between user and equipment, they are engineered to move smoothly with the body. The user-friendly design and attention to detail make working out more satisfying, comfortable and efficient.

With the addition of this new strength line, Precor offers the total package: quality strength, superior cardio, engaging entertainment and comprehensive services.

EXPERIENCE STRENGTH S-LINE

The Experience Strength S-Line is designed with limited space in mind. All machines have a small footprint and a low profile design.

Intuitive and easy to use, Experience Strength products are engineered to guide the user through each station.

Sound biomechanics ensure a smooth, fluid motion that feels natural to the user. Walk-in design is featured throughout the line.

Sculptural design and quality materials provide a lasting experience.
